Dear Mrs. Pope:

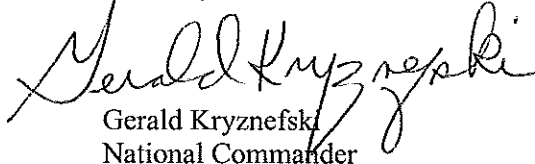

On behalf of the Catholic War Veterans of the United States of America, Inc., we want to extend to the Disabled Veterans' LIFE Memorial Foundation our full support in your efforts to establish the American Veterans Disabled for Life Memorial in Washington, D.C.

Throughout our nation's history many American veterans have returned from the battlefield not to honor, but to shattered lives and anonymity, without recognition or acknowledgment for their service and sacrifice. For many veterans, returning home from military service marks the beginning of a lifelong struggle with permanent disability, and for many, with loneliness, depression and isolation.

The American Veterans Disabled for Life Memorial will have far reaching impact on millions of Americans and will inform future generations about the true meaning of character, dedication and patriotism. From its location within full view of the United States Capitol, it will be a constant reminder to our lawmakers, not only of the human cost of war, but of the lifelong debt that we owe our disabled veterans.

We support the memorial to ensure that our nation honors our disabled veterans, those individuals who have given so much to preserve our way of life.

Sincerely,

Gerald Kryznefski  
National Commander
