

Give a little for those who gave a lot...

The **Disabled Veterans' LIFE Memorial Foundation**, a 501 (c)(3) organization authorized by Public Law 106-348, is asking you to **donate your change** to help build the first-ever national memorial honoring our nation's more than 3 million disabled veterans. The Memorial will be built in Washington, D.C. in full view of the US Capitol Building. **Your change** can help us reach our goal and honor those who have sacrificed so much so that we may remain free.

Visit www.avdlm.org for additional information or to make an online donation.
